Musketeers

- Cards playing solving problems:
 - Technical - spades and diamonds
 - People – clubs and harts
- Set of rules (you play with 32 cards)
 - 4 players, each player gets 5 cards and remaining are in 1 stack
 - First puts a problem
 - Next have to come up with a solution matching the cards numbers, if you cannot match the type and there is an Ace or you don't have any other problem to post you draw a card from the stack. If your number is less you can play 1 card but the other have to add to the solution to solve it completely.
 - If there is a Ace no other big problem can be resolved until it gets out of the table
 - Changing rules – After several rounds you can tray changing the rules: 1) show all cards and come up with best strategy, 2) add own rule to the above; 3) ...
